- (1) A person who is self-isolating under Part 1A, 1C, or 1D (the **relevant self-isolation Part**) must instead be isolated or quarantined in accordance with Part 1 in a situation described by subclause (2) or (3).
- (2) One situation is that—
  - (a) a medical officer of health or a health protection officer has assessed that—
    - (i) the person is at high risk of having COVID-19 or, if the person were to have COVID-19, they would be at high risk of transmitting it; and
    - (ii) the risk is not adequately managed by self-isolation under the relevant self-isolation Part; and
  - (b) the chief executive has confirmed that there is capacity for the person to be isolated or quarantined.
- (3) Another situation is that—
  - (a) the decision maker under clause 15G(e), 15GS(1)(da), or 15HG(1)(f) is satisfied that the person needs to leave to move to a place of isolation or quarantine (for example, for temporary or emergency care while they are sick); and
  - (b) the chief executive has confirmed that there is capacity for the person to be isolated or quarantined.
- (4) The person's period of isolation or quarantine under Part 1—
  - (a) has the start time defined by clause 10 (so that any period of self-isolation is counted towards it); and
  - (b) ends—
    - (i) at the time determined by a medical officer of health or a health protection officer; but
    - (ii) no later than the 10th day after their start time, unless the officer is satisfied that—
      - (A) the person does not meet the low-risk indicators; or

(B) the person has received a positive result from any COVID-19 test.

- (5) Despite subclauses (1) to (4), the relevant self-isolation Part again applies to the person instead of Part 1 if a medical officer of health or a health protection officer is satisfied that the basis for applying Part 1 no longer applies.
- (6) To avoid doubt, if the relevant self-isolation Part again applies to the person, their period of self-isolation remains as defined by that Part (so that it ends when it would have even if Part 1 had not applied).

**6B Director-General may specify matters by notice**

- (1) The Director-General may, by notice, specify anything that this order says may or must be specified by notice.
- (2) A notice made under this clause is secondary legislation (*see* Part 3 of the Legislation Act 2019 for publication requirements), unless it applies only to 1 or more named persons, places, or things.
- (3) A notice made under this clause for 1 or more named persons (an **individual notice**) must be notified in writing to the applicant and any named person or persons.
- (4) A notice, or an amendment to a notice, must be published (for secondary legislation) or notified (for individual exemptions) as soon as practicable after it is made.
- (5) An exemption, or an amendment to an exemption, may come into force before it is published (for secondary legislation) or notified (for individual exemptions) if the Director-General is satisfied that the exemption or amendment should come into force urgently.
- (6) In that case,—
- (a) the effect of the exemption (or amendment) must be publicly announced before it comes into force; and
- (b) the exemption or amendment must be published under the Legislation Act 2019 (for secondary legislation) or notified (for individual exemptions) as soon as practicable after it comes into force.
